## ***Parable of the Growing Seed***

*Jesus also said, “The Kingdom of God is like a farmer who scatters seed on the ground. Night and day, while he’s asleep or awake, the seed sprouts and grows, but he does not understand how it happens. The earth produces the crops on its own. First a leaf blade pushes through, then the heads of wheat are formed, and finally the grain ripens. And as soon as the grain is ready, the farmer comes and harvests it with a sickle, for the harvest time has come.”*

## ***Parable of the Mustard Seed***

*Jesus said, “How can I describe the Kingdom of God? What story should I use to illustrate it? It is like a mustard seed planted in the ground. It is the smallest of all seeds, but it becomes the largest of all garden plants; it grows long branches, and birds can make nests in its shade.”*

# *Mystery Multiplication*

*Malawi, a largely agricultural country, is making efforts to overcome decades of underdevelopment, corruption and the impact of an HIV-Aids problem, which claims the lives of tens of thousands every year.*
