

**Report
On Rehab and Orphanage
ministry**

April 2018

We are actively looking for a boy whom we could take into our family. It is not so easy because some kids are very attached to the friends in Orphanages, some have relatives who visit them and don't want to change place, others have very serious behavior problems.

We visited Alexey from Kaluzhskaya area

Ruslan from Moscow area and Ivan from Tverskaya.

We continue our search and would appreciate your prayers.

On April 15 we celebrated weddings of Ruslan and Olesya who both graduated from our Rehab program. It's so very good to see how people who were literally dying little more than a year ago, now demonstrate new life in Christ! Only His power can change hearts and lives. We praise the Lord that He gave us privilege to be His coworkers in His field.

Both Ruslan and Olesya work. They live in one of the Rehab Center's home and are involved in the adaptation ministry. May the Lord bless them and their young family!

Grace and peace,
Pastor Andrei Blinkov
