My Lighthouse

Jesus spoke to the people. This time he said, "I am the light for the world! Follow me, and you won't be walking in the dark. You will have the light that gives life."
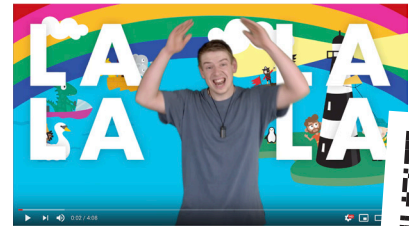

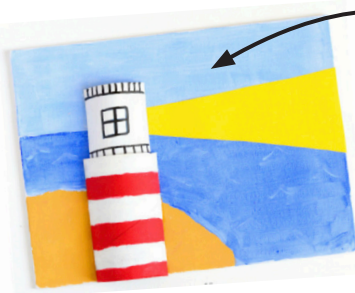

JOHN 8 V 12

DISCUSS TOGETHER

Has anyone ever seen a lighthouse?

Where would you normally see a lighthouse?
Near a mountain/in the city/by the sea?

Does anyone know what a lighthouse is for?

A lighthouse is a tall building that has a light near the top. Lighthouses are built on the edge of an ocean or lake and protects ships from crashing into shore by sending the light out towards the sea. The light usually turns in a circle and never turns off so that ships see a flashing light which guides them safe to shore.

Jesus came to earth so that He could be the light in our lives that will always lead us safe to shore. Jesus is the light of the world. When we choose to follow Him he lights the way to a life full of adventure, fun and freedom

PRAYER:

Jesus, Thank you for coming to earth to light up the whole world. Help me follow Your light that will chase away the darkness and always lead me home to You.
